CONCRETE POURING PERMIT / REQUEST FOR POURING INSPECTION

Pouring Permit No.: _____

Date of Application: _____

I. PROJECT INFORMATION

Project Name: _____

Project Location: _____

Building/Structure: _____

Contractor: _____

Contract/PO No.: _____

II. DETAILS OF CONCRETE POURING

Structural Member/s to be Poured:

- ☐ Footing
- ☐ Column
- ☐ Beam
- ☐ Slab
- ☐ Stair
- ☐ Wall
- ☐ Pavement
- ☐ Others: _____

Location/Grid/Reference: _____

Estimated Volume of Concrete: _____ m³

Specified Concrete Strength (f'c): _____ MPa

Concrete Mix:

- ☐ Ready-Mix Concrete
- ☐ Site-Mixed Concrete

Concrete Supplier: _____

Date of Pouring: _____

Expected Start Time: _____

Expected Completion Time: _____

Concrete Delivery Method:

☐ Concrete Pump

☐ Transit Mixer

☐ Manual

☐ Others: _____

III. PRE-POURING CHECKLIST

The Contractor shall ensure that the following requirements have been completed prior to concrete pouring:

CHECK ITEM	REMARKS
☐ Formworks properly installed, aligned and adequately supported	_____
☐ Reinforcing bars installed in accordance with approved plans	_____
☐ Reinforcing bars properly tied and secured	_____
☐ Required concrete cover provided	_____
☐ Embedded items/sleeves/openings properly installed	_____
☐ Construction joints properly prepared	_____
☐ Forms and area are clean and free from debris	_____
☐ Access and working area are safe and adequate	_____
☐ Concrete materials/equipment are available and ready	_____
☐ Approved plans are available at the work site	_____
☐ Required testing arrangements are in place	_____

IV. REQUIRED CONCRETE TESTING

Slump Test:

☐ Required & Arranged

☐ Not Applicable

Compression Test / Concrete Cylinder Samples:

☐ Required & Arranged

☐ Not Applicable

Number of Samples: _____

Testing Laboratory:

Other Required Tests:

V. CONTRACTOR'S CERTIFICATION

I hereby certify that the work covered by this request has been prepared in accordance with the **approved plans, specifications, applicable codes and standards**, and that the formworks, reinforcing steel, embedded items, and other related works are ready for inspection prior to concrete pouring.

I further undertake that **no concrete pouring shall commence until the required inspection/clearance has been conducted or issued by the authorized representative of the Municipal Engineering Office**, when such inspection is required.

Contractor: _____

Authorized Representative:

Name and Signature

Position: _____

Date: _____

Contact No.: _____

VI. FOR MUNICIPAL ENGINEERING OFFICE USE ONLY

PRE-POURING INSPECTION

Date Inspected: _____

Time Inspected: _____

Inspected By:

Name / Position

INSPECTION RESULT

☐ APPROVED FOR POURING

☐ APPROVED WITH CONDITIONS

☐ NOT APPROVED – CORRECTIONS REQUIRED

Remarks / Required Corrections:

Corrective Action Verified By:

Name / Signature / Date

VII. POURING CLEARANCE

Based on the inspection conducted, the above-mentioned structural member/s are:

☐ CLEARED FOR CONCRETE POURING

☐ NOT CLEARED FOR CONCRETE POURING

Special Conditions / Instructions:

Municipal Engineering Office Representative:

Name and Signature

Position: _____

Date: _____

VIII. CONTRACTOR'S ACKNOWLEDGMENT

I acknowledge the inspection findings and agree to comply with all applicable requirements and instructions stated above.

Contractor / Authorized Representative

Date: _____

IMPORTANT: This form is an inspection/clearance document and does not replace the required **Building Permit, approved plans, specifications, or other permits and clearances** required under applicable laws, codes, and regulations.
