BOX 10

ACTION TAKEN

PERMIT IS HEREBY ISSUED SUBJECT TO THE FOLLOWING:

1.

That the designer is aware that under Article 1723 of the Civil Code of the Philippines, he is responsible for damages if within fifteen (15) years from the completion of the structure, it should collapse due to defect in plans or defect in plans or specifications or defect in the ground. He is therefore enjoined to conduct annual inspections of the structure to ensure that the conditions under which the structure was designed are not being violated or abused.

2.

That the proposed construction/erection/additional/alteration/renovation/conversion/repair/removing/demolition, etc. Shall be in conformity with the provisions of the “National Building Code” (PD 1096) and its Implementing Rules and Regulations.

2.1.

That the prior to commencement of the proposed projects and construction an actual relocation survey shall be conducted by responsible licensed Geodetic Engineer.

2.2.

That before commencing the excavation the person making or causing the excavation is to be made shall verify in writing the owner of adjoining building not less than ten (10) days before such excavation is to be made and show how the adjoining building protected.

2.3.

That the owner of the fence shall engage the services of responsible licensed Architect or Civil Engineer to undertake the full time inspection and supervision of the construction work.

2.4.

That there shall be kept at the jobsite at all times a logbook wherein the actual progress of construction including test conducted, weather condition and other pertinent data are to be recorded.
